P&S Check In-2026 (Staff)

Introduction

For Employee

Progress & Support Check-Ins are the second phase of WHA's Annual Development Cycle and offer a meaningful opportunity to pause and reset. They are not performance evaluations or status reports, they are simply a moment to reflect on where you are, what's changed, and what support might look like right now.

NOTE: Your Individual Development Plan (IDP) is a key resource that we recommend you review and reference when completing this form.

NA

Goals & Growth

For Employee

• Since creating your IDP, which goals or areas of growth have you made the most progress on or feel most proud of? Why?
• What challenges or barriers have impacted your progress toward your goals?

Employee Answer

POSEY, BRITTANY LYNN 07/16/2026 Edited

SNFs have become more consistent, I've been able to make some adjustments to my process and some of the scripts to assist with some of the changes we've implemented (removing licenses for students, creating accounts 3 weeks early, etc.).

The QA report for the SNFs is on hold since we have made some changes to the timelines which affect the "scoring", but SNFs are still are being handled/processed. I'm looking forward to what my score will be at this time of the year, I have been putting extra focus on completing them in a timely manner more consistently.

Taking on the ShareGate project is a welcome challenge.

Well-Being & Engagement

For Employee

• What aspects of your work currently bring you the greatest sense of purpose, fulfillment, or motivation?
• Reflect on a time this year when you felt especially engaged, supported, or valued in your role. What contributed to that experience?

Employee Answer

POSEY, BRITTANY LYNN 07/16/2026

• Scripting/Migrating the AdminTools into the Enterprise GitHub environment

• The IDF cleanup, though on hold, was particularly therapeutic
• Pushing the last few machines over to the Help Desk for the Intune Project felt good to close my side of that part of the project out and also resulted in my desk area being more tidy

---

Support & Accountability

For Employee

• What resources, training, or support would help you be most successful in achieving your goals this year?
• Are there opportunities, experiences, or connections you would like more access to as part of your continued growth and development?

Employee Answer

POSEY, BRITTANY LYNN 07/16/2026

Continued support - what we've been doing is working, I'm able to get focus time on projects while still being able to help with escalations from the Help Desk and get some documentation/Wiki updates here and there.
