Practical
Change Management
Christopher L. Dennis
Women's Healthcare Associates
Steaming Kettle Consulting

You and your colleagues will adapt, adopt, and accomplish faster if you…
…understand the biology of change,
…manage with biology in mind, and
…. set a good example.
5/25/11
2

Session Structure

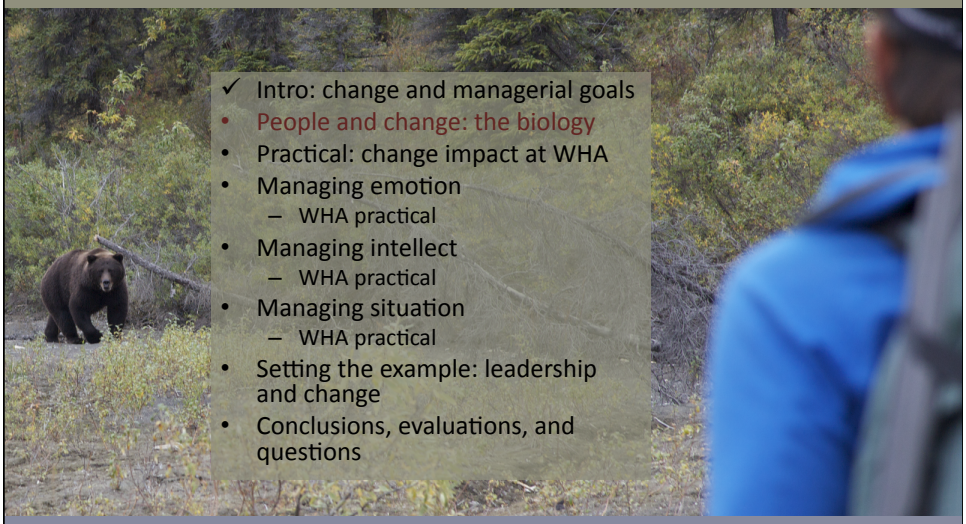
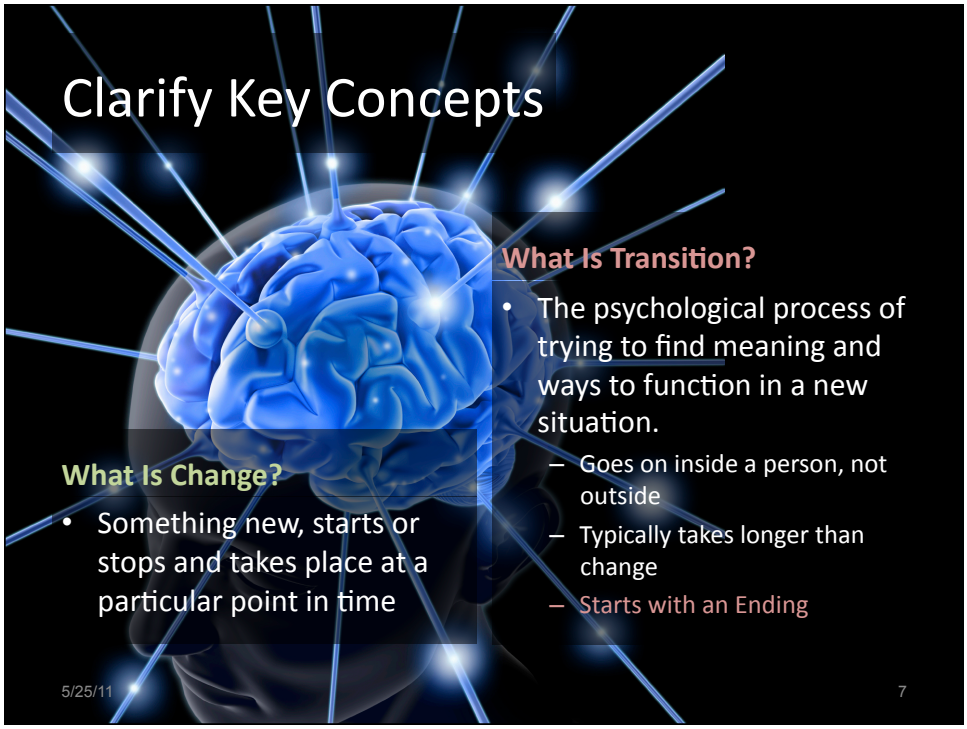
People & Change: The Biology

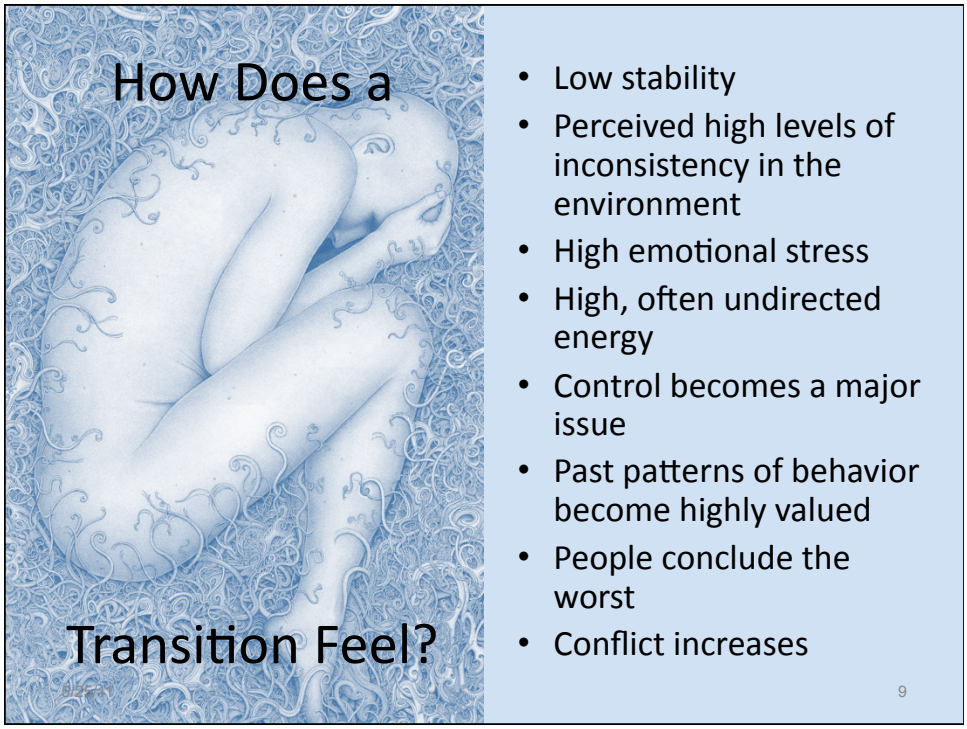


- ✓ Intro: change and managerial goals
- People and change: the biology
- Practical: change impact at WHA
- Managing emotion
  - WHA practical
- Managing intellect
  - WHA practical
- Managing situation
  - WHA practical
- Setting the example: leadership and change
- Conclusions, evaluations, and questions

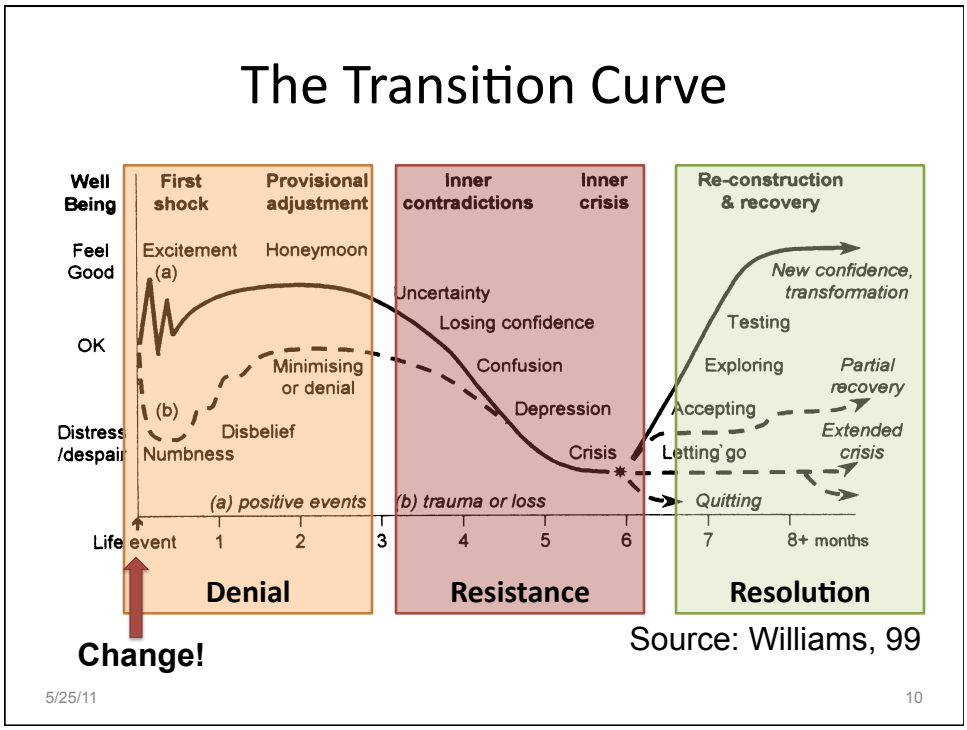


Clarify Key Concepts
What Is Transition?
• The psychological process of trying to find meaning and ways to function in a new situation.
– Goes on inside a person, not outside
– Typically takes longer than change
– Starts with an Ending
What Is Change?
• Something new, starts or stops and takes place at a particular point in time
5/25/11
7

Moving Through the Neutral Zone
Neutral Zone
Beginning
B
Ending
A
5/25/11
8

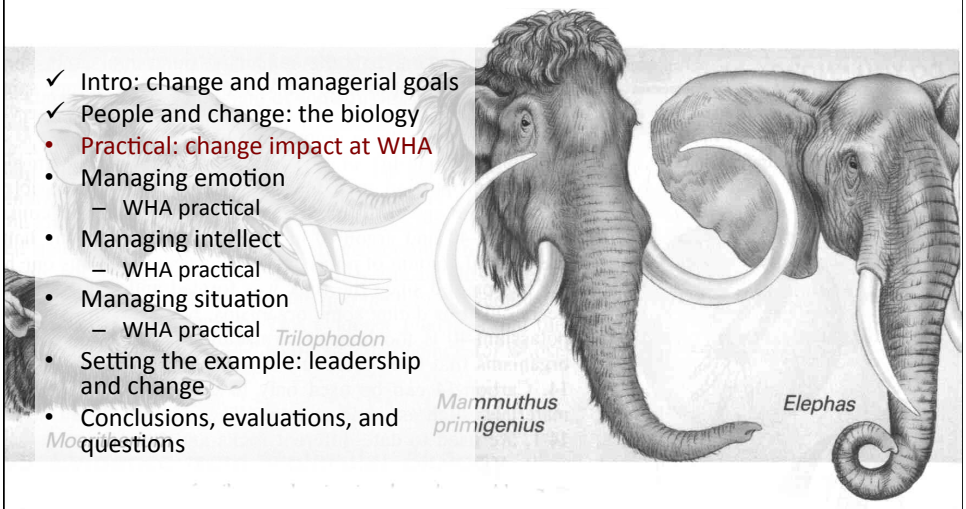


- Low stability
- Perceived high levels of inconsistency in the environment
- High emotional stress
- High, often undirected energy
- Control becomes a major issue
- Past patterns of behavior become highly valued
- People conclude the worst
- Conflict increases



Practical: Change Impact at WHA

- ✓ Intro: change and managerial goals
- ✓ People and change: the biology
- • Practical: change impact at WHA
- • Managing emotion
  - – WHA practical
- • Managing intellect
  - – WHA practical
- • Managing situation
  - – WHA practical
- • Setting the example: leadership and change
- • Conclusions, evaluations, and questions



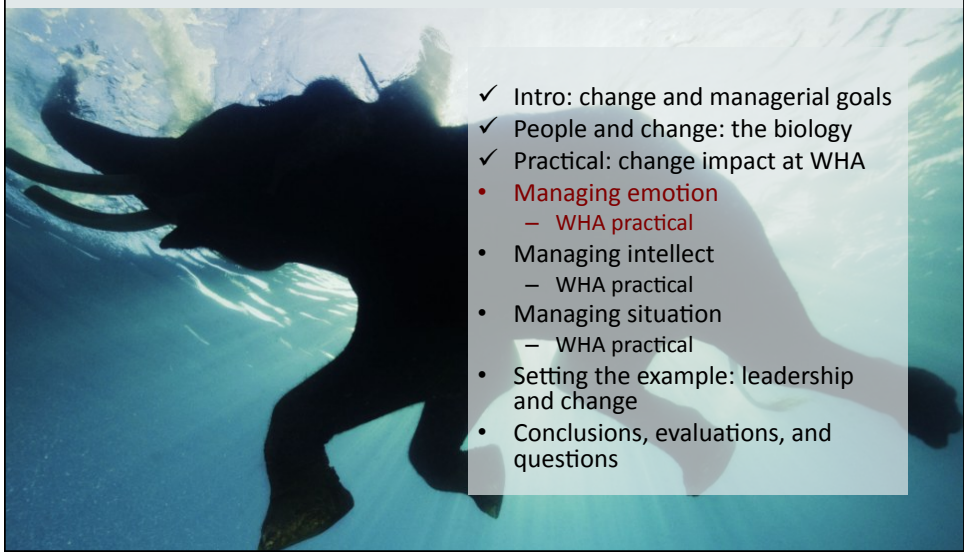
5/25/11 11

Most Attention in 6 Months?

- "Which change effort needs the most attention in the next six months?"
- Place your five stars
  - – Any challenges
  - – Any combination of starts
- Time: 5 minutes

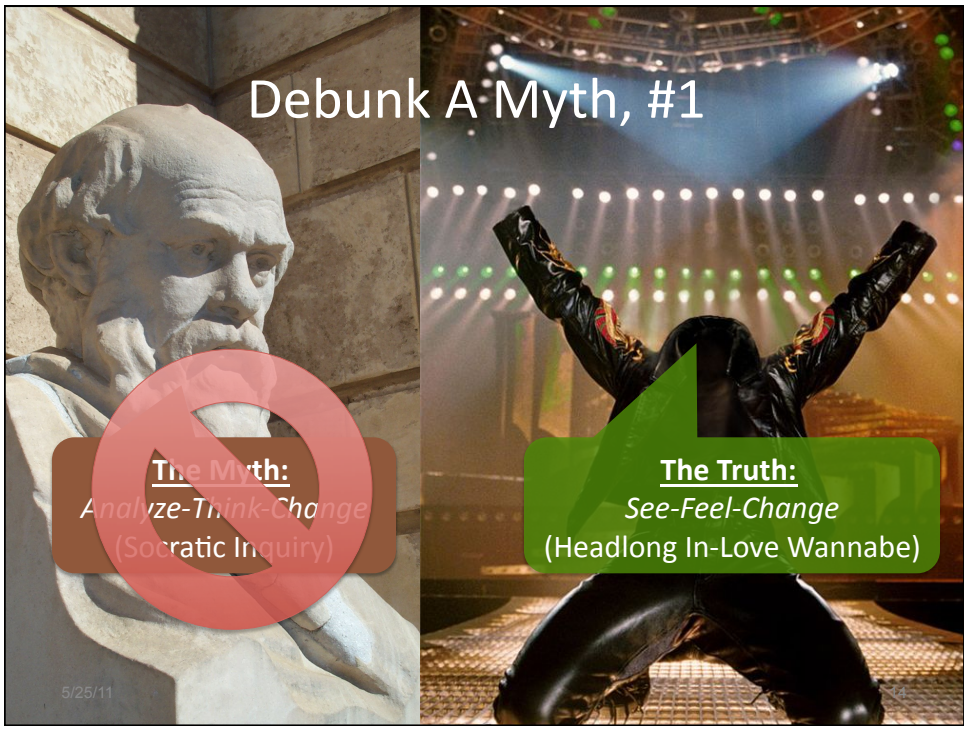
5/25/11

Managing Emotion, The Energy of Change

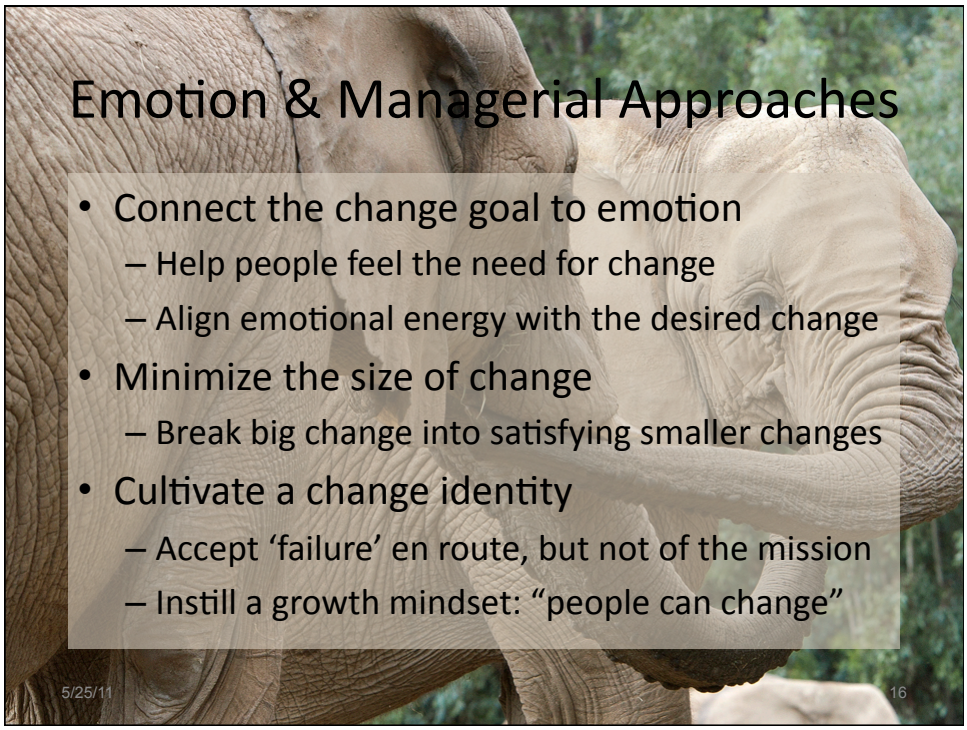


- ✓ Intro: change and managerial goals
- ✓ People and change: the biology
- ✓ Practical: change impact at WHA
- Managing emotion
  - WHA practical
- Managing intellect
  - WHA practical
- Managing situation
  - WHA practical
- Setting the example: leadership and change
- Conclusions, evaluations, and questions

Debunk A Myth, #1



The Elephant Metaphor
• The elephant (*human emotion in change*) is..
– A huge force
– Difficult to resist
– Steerable
– Lazy if undirected
– Prefers a quick payoff
5/25/11
15



Emotion & Managerial Approaches
• Connect the change goal to emotion
– Help people feel the need for change
– Align emotional energy with the desired change
• Minimize the size of change
– Break big change into satisfying smaller changes
• Cultivate a change identity
– Accept 'failure' en route, but not of the mission
– Instill a growth mindset: "people can change"
5/25/11
16

Practical: Emotion & WHA Change

How might we influence the emotional component in favor of WHA's project?

- Time: 5 min

5/25/11 17

Managing Intellect, The Direction of Change

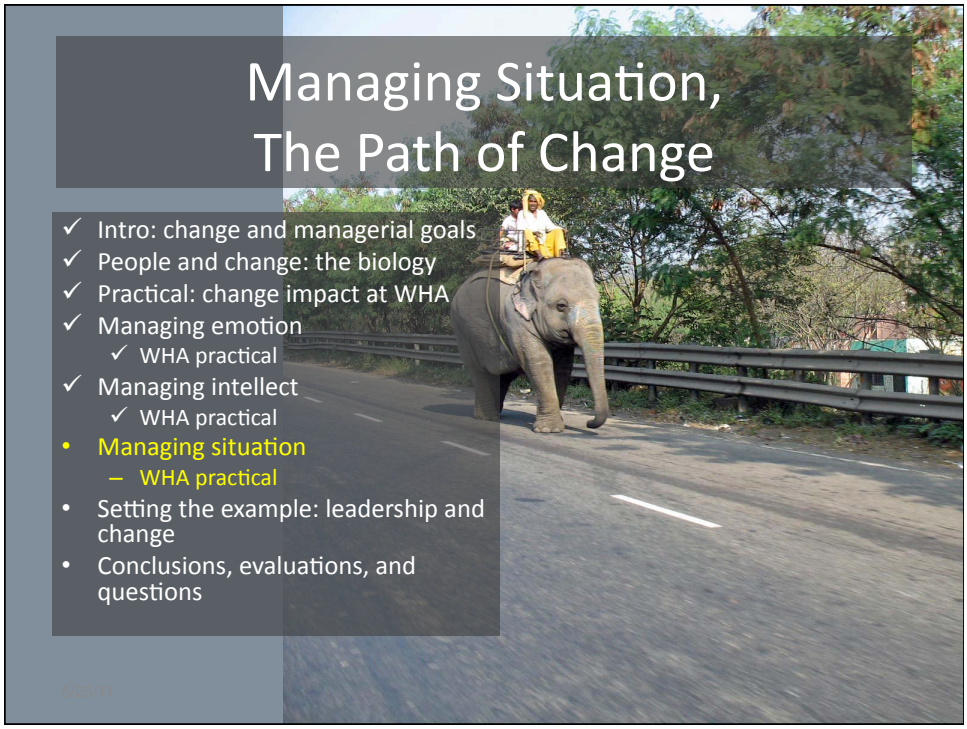
- ✓ Intro: change and managerial goals
- ✓ People and change: the biology
- ✓ Practical: change impact at WHA
- ✓ Managing emotion
  - ✓ WHA practical
- Managing intellect
  - WHA practical
- Managing situation
  - WHA practical
- Setting the example: leadership and change
- Conclusions, evaluations, and questions

Debunk A Myth: #2
The Myth:
Humans Inherently Resist Change
(People are High Momentum)
The Truth:
'Resistance' May Be Something Else
(People Can Change Rapidly)
5/25/11
19

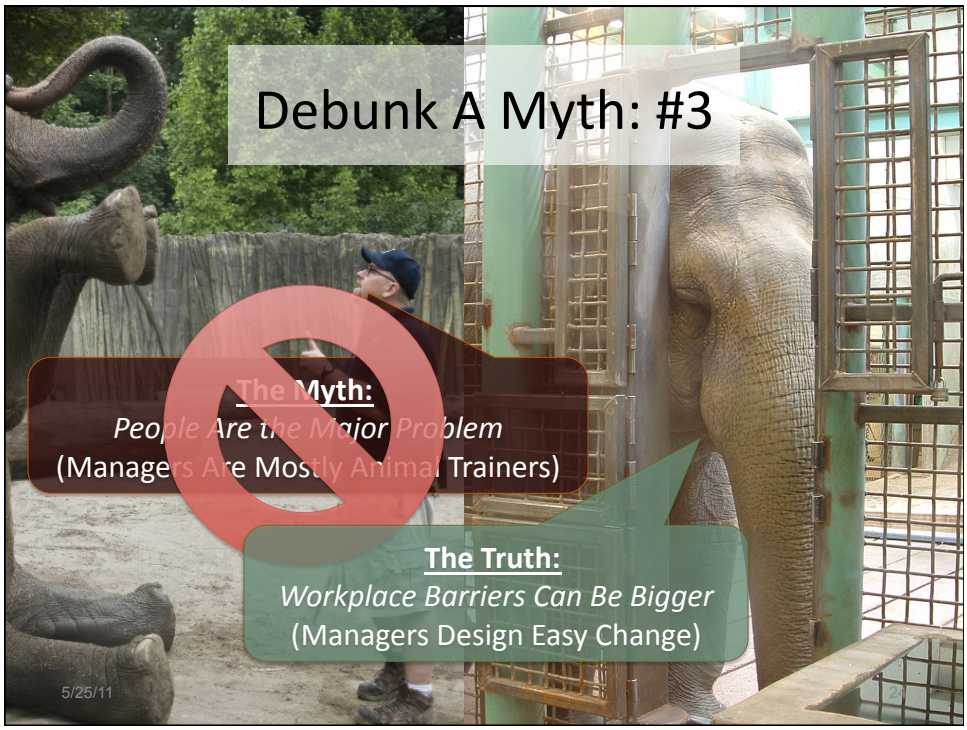
The Rider Metaphor
• The rider (human intellect in change) is..
– Capable of setting direction
– Quick to tire
– Analytic to a fault
– A director not a controller
– Driven onward by success
5/25/11
20

Intellect & Managerial Approaches
• Define the goal
– Clear destinations are easier to reach
– Speak the benefits of change
• Create a recipe for success
– Clarify the critical behaviors
– Make direct requests, simpler is better
• Replicate success
– Share whatever works
5/25/11
21

Practical: Intellect & WHA Change
How might we influence the mental component in favor of WHA's project?
• Time: 5 min
5/25/11
22

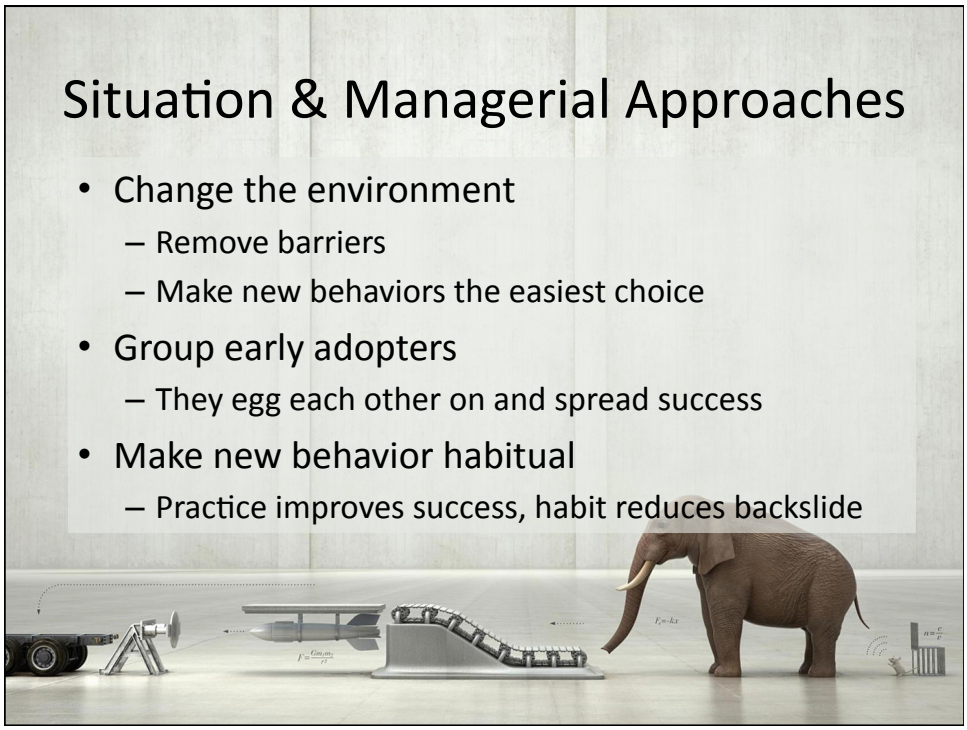


Managing Situation,
The Path of Change
✓ Intro: change and managerial goals
✓ People and change: the biology
✓ Practical: change impact at WHA
✓ Managing emotion
✓ WHA practical
✓ Managing intellect
✓ WHA practical
• Managing situation
– WHA practical
• Setting the example: leadership and change
• Conclusions, evaluations, and questions
5/25/11

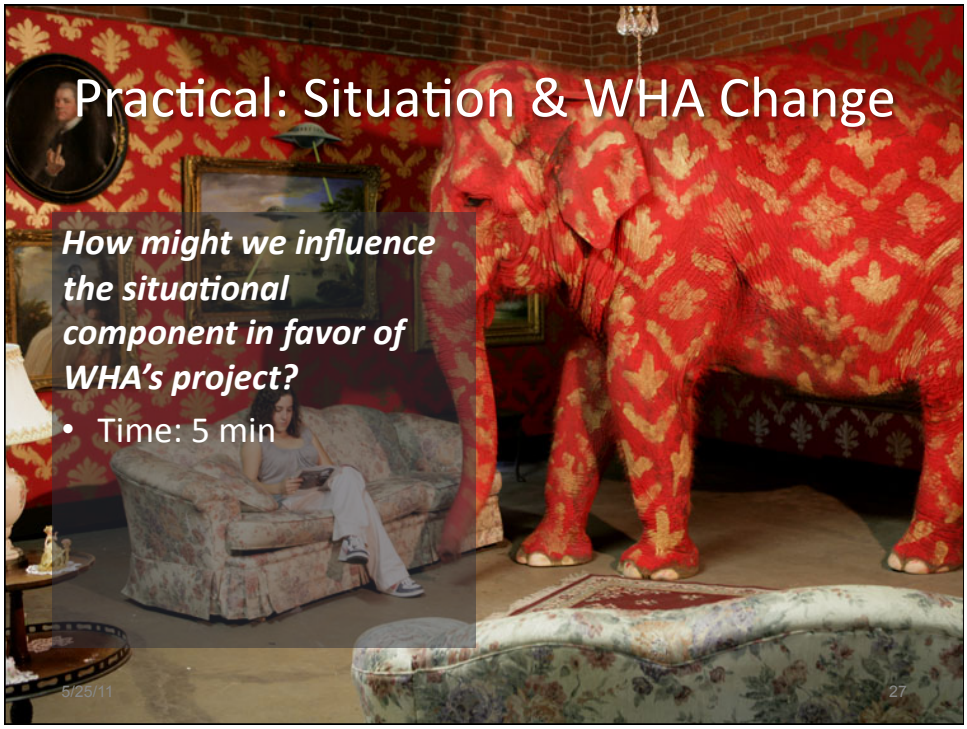


Debunk A Myth: #3
The Myth:
People Are the Major Problem
(Managers Are Mostly Animal Trainers)
The Truth:
Workplace Barriers Can Be Bigger
(Managers Design Easy Change)
5/25/11

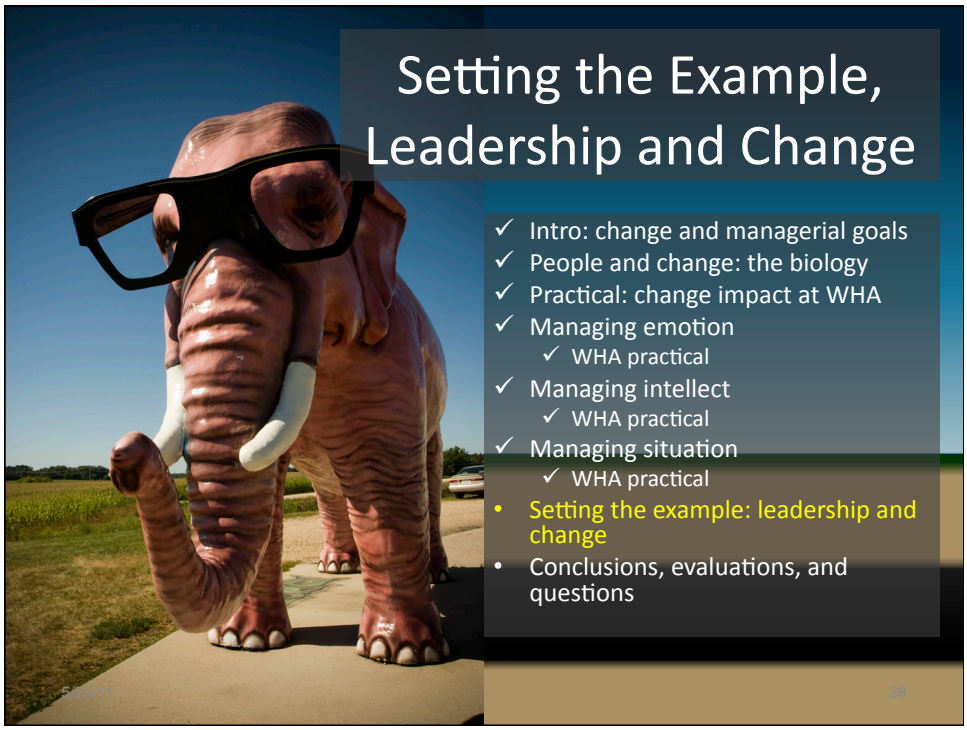
The Path Metaphor
• The path (the situation of change) is..
– An invitation or a repulsion
– Easier when it's short
– Easier when it's clear
– Social as well as physical
– Ritual as well as social
5/25/11



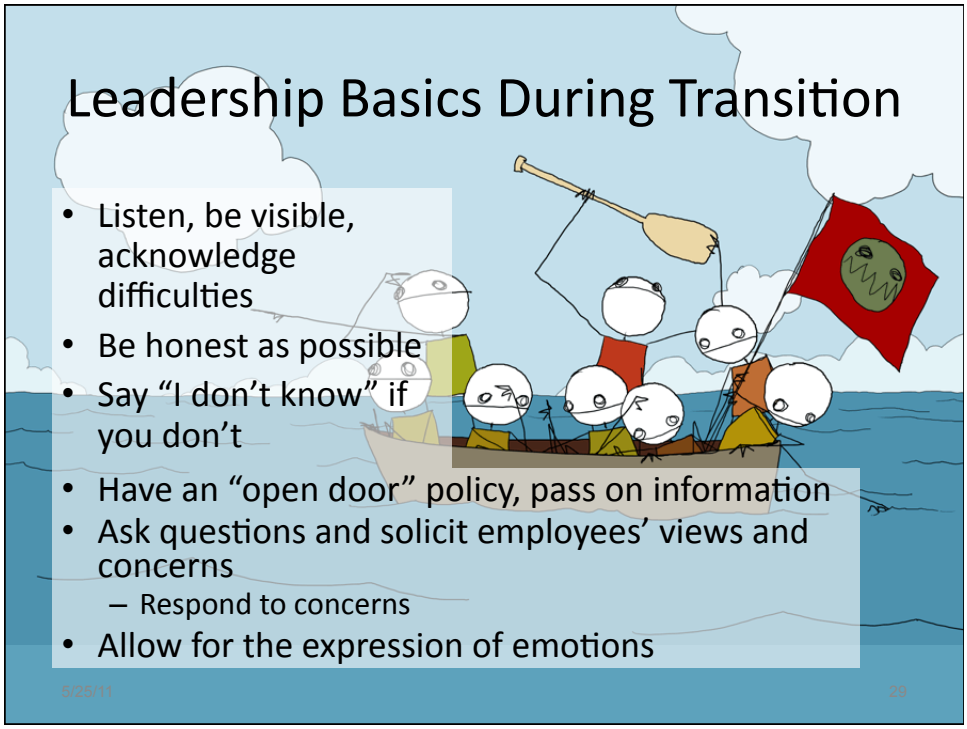
Situation & Managerial Approaches
• Change the environment
– Remove barriers
– Make new behaviors the easiest choice
• Group early adopters
– They egg each other on and spread success
• Make new behavior habitual
– Practice improves success, habit reduces backslide



Practical: Situation & WHA Change
How might we influence the situational component in favor of WHA's project?
• Time: 5 min
5/25/11
27



Setting the Example, Leadership and Change
✓ Intro: change and managerial goals
✓ People and change: the biology
✓ Practical: change impact at WHA
✓ Managing emotion
✓ WHA practical
✓ Managing intellect
✓ WHA practical
✓ Managing situation
✓ WHA practical
• Setting the example: leadership and change
• Conclusions, evaluations, and questions



Leadership Basics During Transition
• Listen, be visible, acknowledge difficulties
• Be honest as possible
• Say "I don't know" if you don't
• Have an "open door" policy, pass on information
• Ask questions and solicit employees' views and concerns
– Respond to concerns
• Allow for the expression of emotions
5/25/11
29

Use the Power of Ceremony
Momentum
• Create group identify
– Name change efforts
– Create visual symbols
• Celebrate success
– Imprint progress in people's minds
– Casual acknowledgements are helpful, but not the same
Prevention
• Going away ceremony
– For the old way of doing things
5/25/11

Beware the Dishrag Effect

- Symptoms
  - Lethargy, sleepiness
  - Say nothing, do nothing
- Positive response
  - Stomp foot, short powerwalk
  - Make self accountable to colleagues
- Prevention
  - Improve environment
  - Start out accountable

5/25/11 31

Conclusions, Evaluations, and Questions

- ✓ Intro: change and managerial goals
- ✓ People and change: the biology
- ✓ Practical: change impact at WHA
- ✓ Managing emotion
  - ✓ WHA practical
- ✓ Managing intellect
  - ✓ WHA practical
- ✓ Managing situation
  - ✓ WHA practical
- ✓ Setting the example: leadership and change
- Conclusions, evaluations, and questions

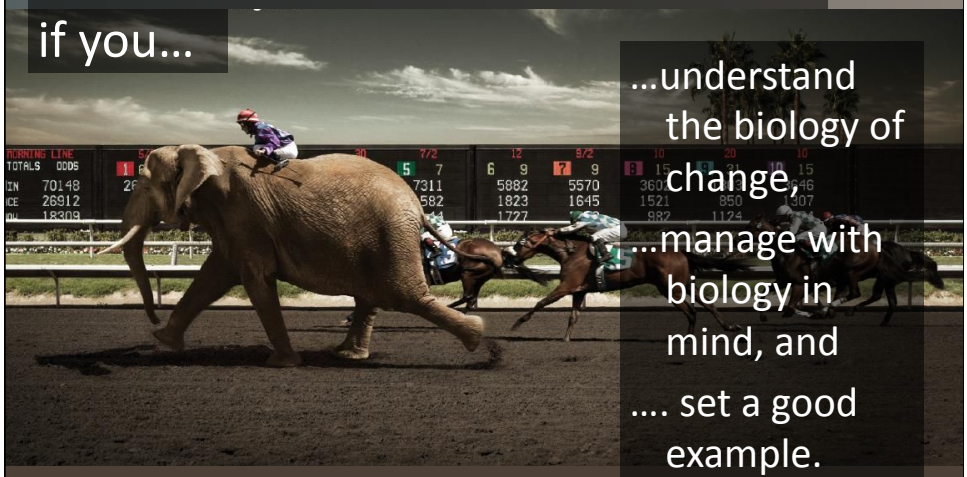
5/25/11 32

Some Reading Suggestions

- *The Heart of Change* by John Kotter and Dan Cohen
  - The core of "See-Feel-Change"
  - Process and story driven
- *The Magic Megaphone* by Nick Montoya
  - A method for focusing teams and making change
  - Very rapid technique
- *Unstuck* by Keith Yamashita & Sandra Spataro
  - Direct, concise help for managers & teams in trouble

5/25/11 33

You and your colleagues will adapt, adopt, and accomplish faster if you…



…understand the biology of change,

…manage with biology in mind, and

…. set a good example.

5/25/11 34

Help Us Help You
Overall Evaluation

- Did you learn something new about change management?
  - What was it?

- If this course were offered again here, what should be dropped or changed?
- What should be added?

How can you get participants…

- Length:
  - 4 minutes

…to tell you what's *really* happening?
