Five9

Our New Phone System!

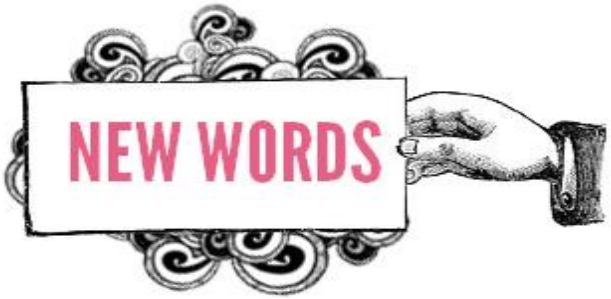

Women's Healthcare Associates LLC

Patient Services / Advice / Financial Teams

What is Five9?

- Web / Cloud Based Phone System
- Better Software (no more ghost calls!)
- More Capabilities
- Modernized Aesthetics

Agents = Individual Users

Campaign = Individual Clinics

Skill = Phone Queue

Ready / Not Ready = Logged In / Out

My Activity = History Tab

Will we still use Shoretel?

Yes, we will still be using Shoretel for those employees who are not attached to a Skill

Will we still use our desk phones?

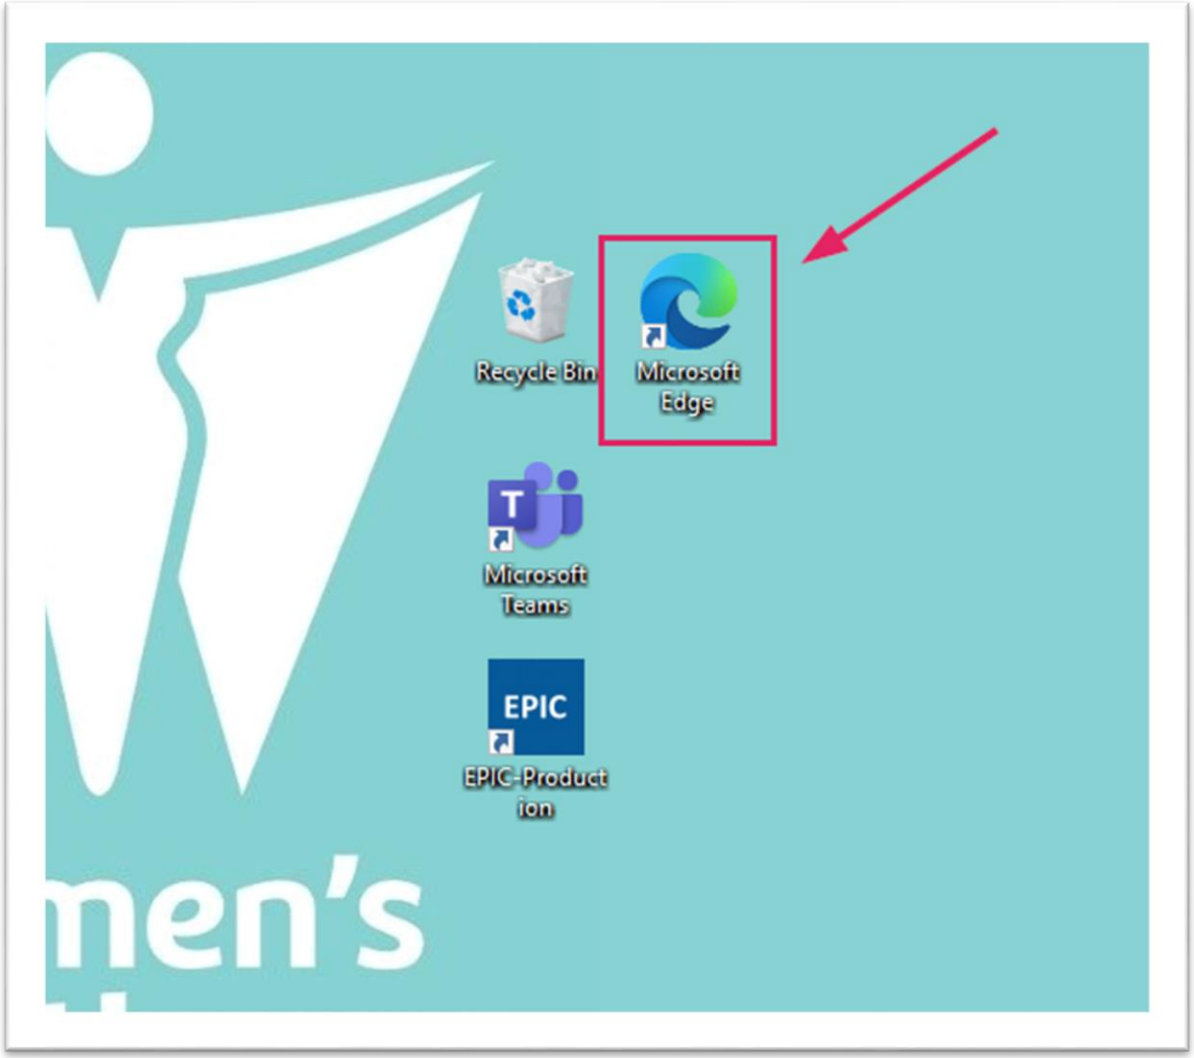

Five9 is most compatible with **headsets** rather than our current desk phones

If you need a headset for your workstation, please contact IT (x3646)

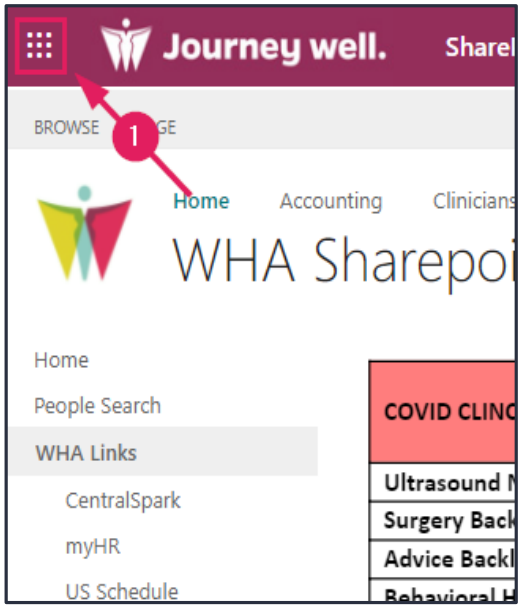

Initial Setup

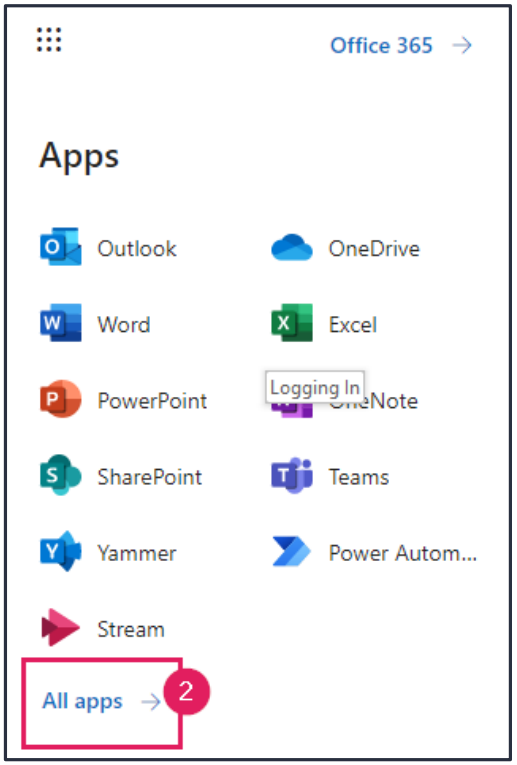

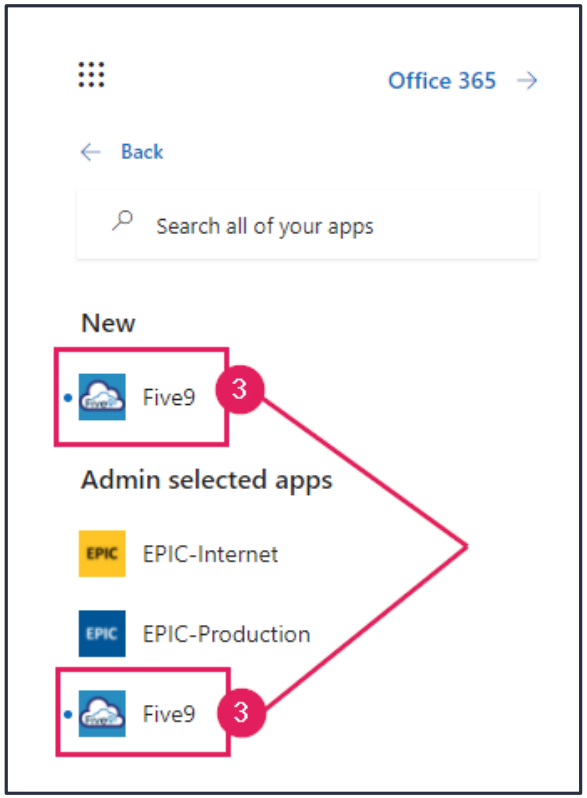

Best if using Microsoft Edge

Logging In w/ Sharepoint

Do not pin/tab/or favorite the Five9 website due to errors that occur

It is best used when through Sharepoint via Microsoft Edge

If You Don't...

User Setup

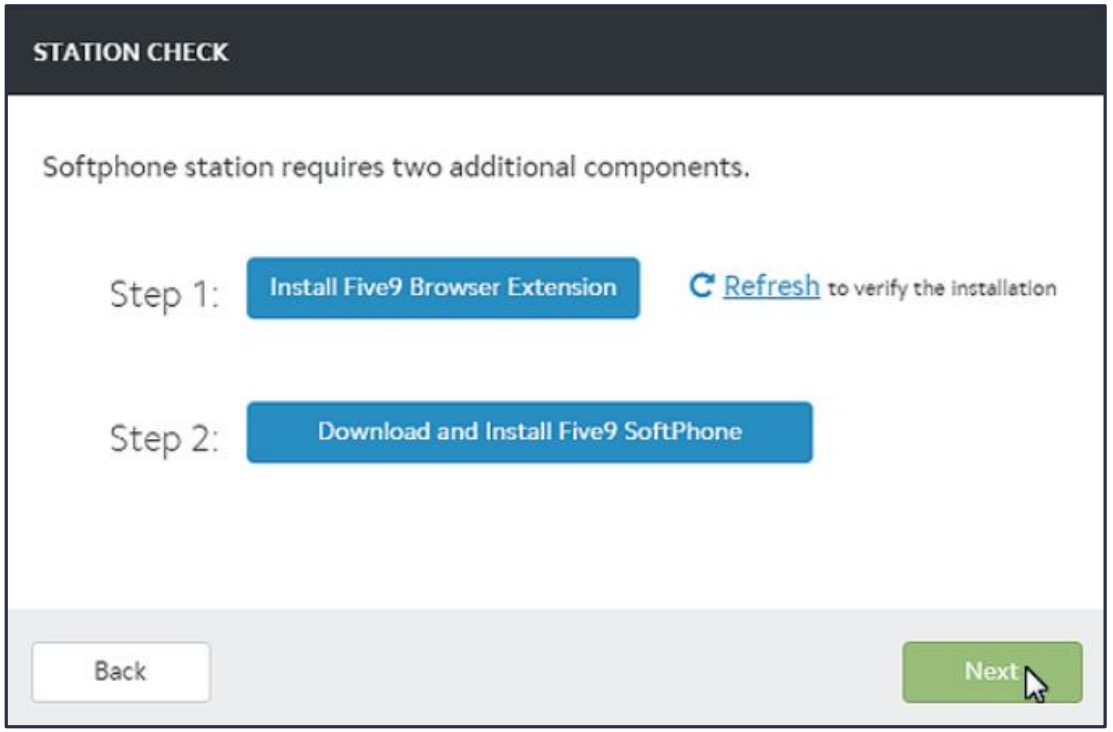

This will be your log-in account to answer phones calls

User Setup

IT should be able to load this for every user before go-live but just in case they aren't able to:

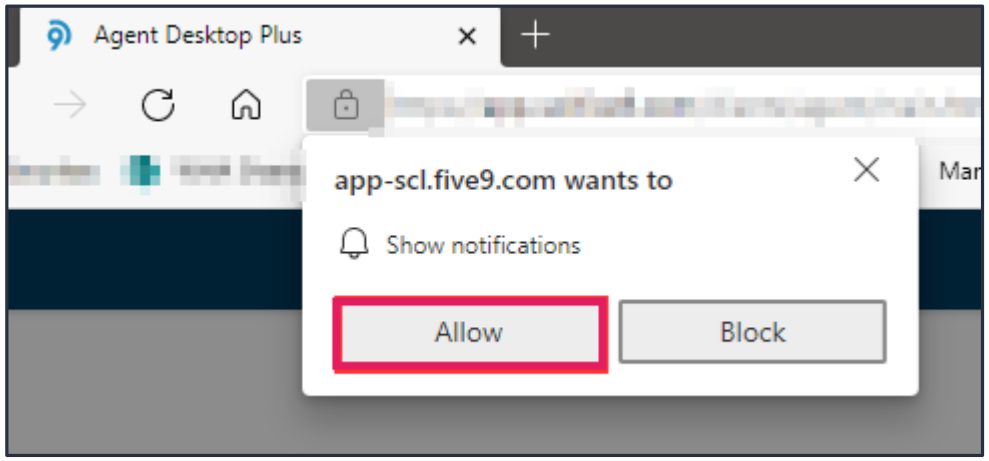

1. Click the button for Step 1
2. Once that's downloaded, click the button for Step 2
3. Refresh your browser

User Setup

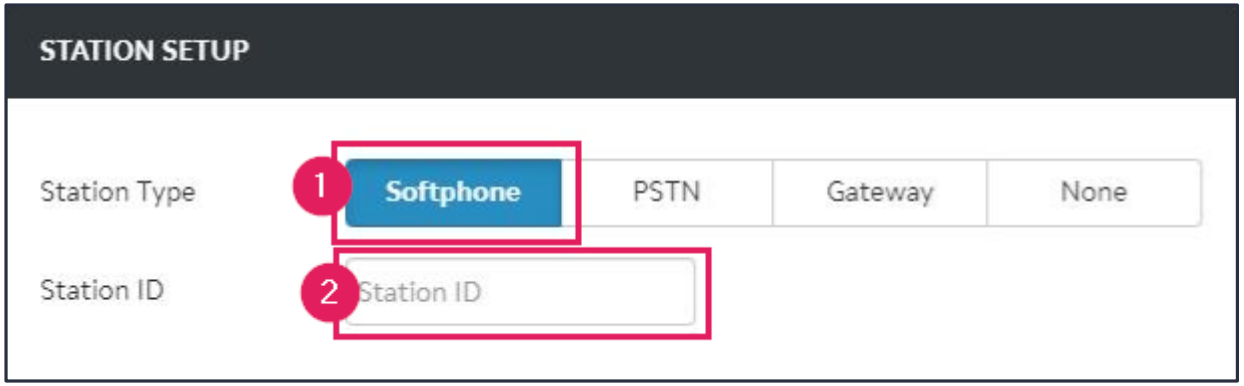

IT should be able to push this through for each account, but you might see it if not.

If you see this notification, choose **Allow**

DON'T USE COLD TRANSFER

3 ways to use the Warm Transfer

1. Transferring patients straight to another skill
2. Warm Transfers
3. Calling another WHA employee while on the phone with the patient

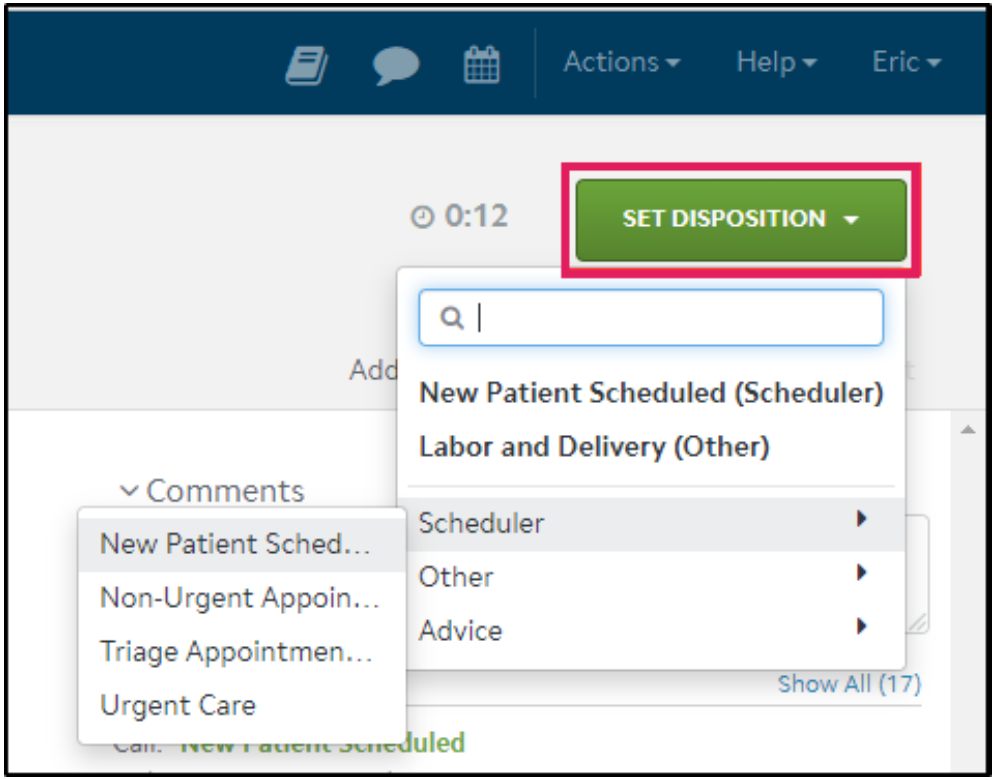

4 way calls are still being developed in Five9

Our workflow will remain the same as in Shoretel for this
