Five9

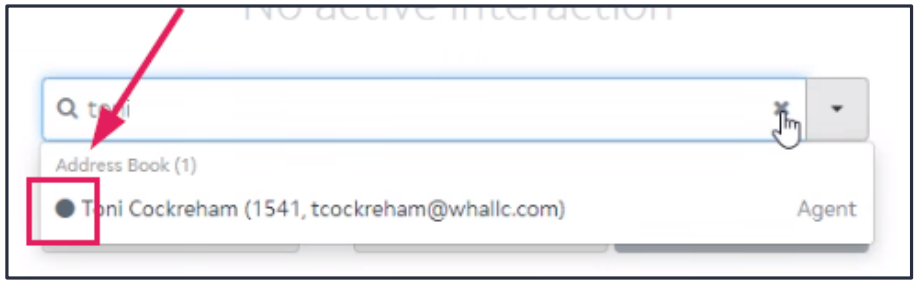

Updates

Women's Healthcare Associates LLC

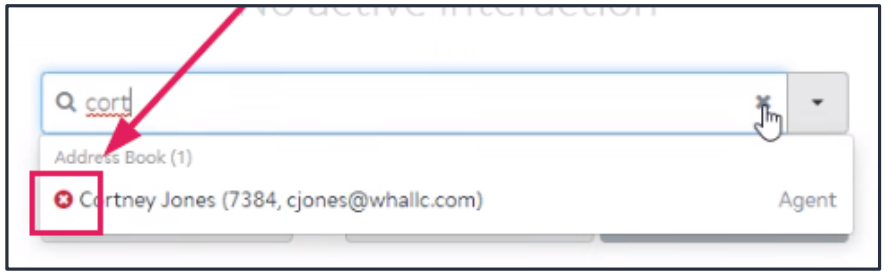

Patient Services / Advice / Financial Teams

Ready Status Bubbles

- Black dot = does not have Five9 open

- Red X = Not Ready Status

- Green Check = Ready Status

Call Back Info

- Call Back extension will be #9 for patients

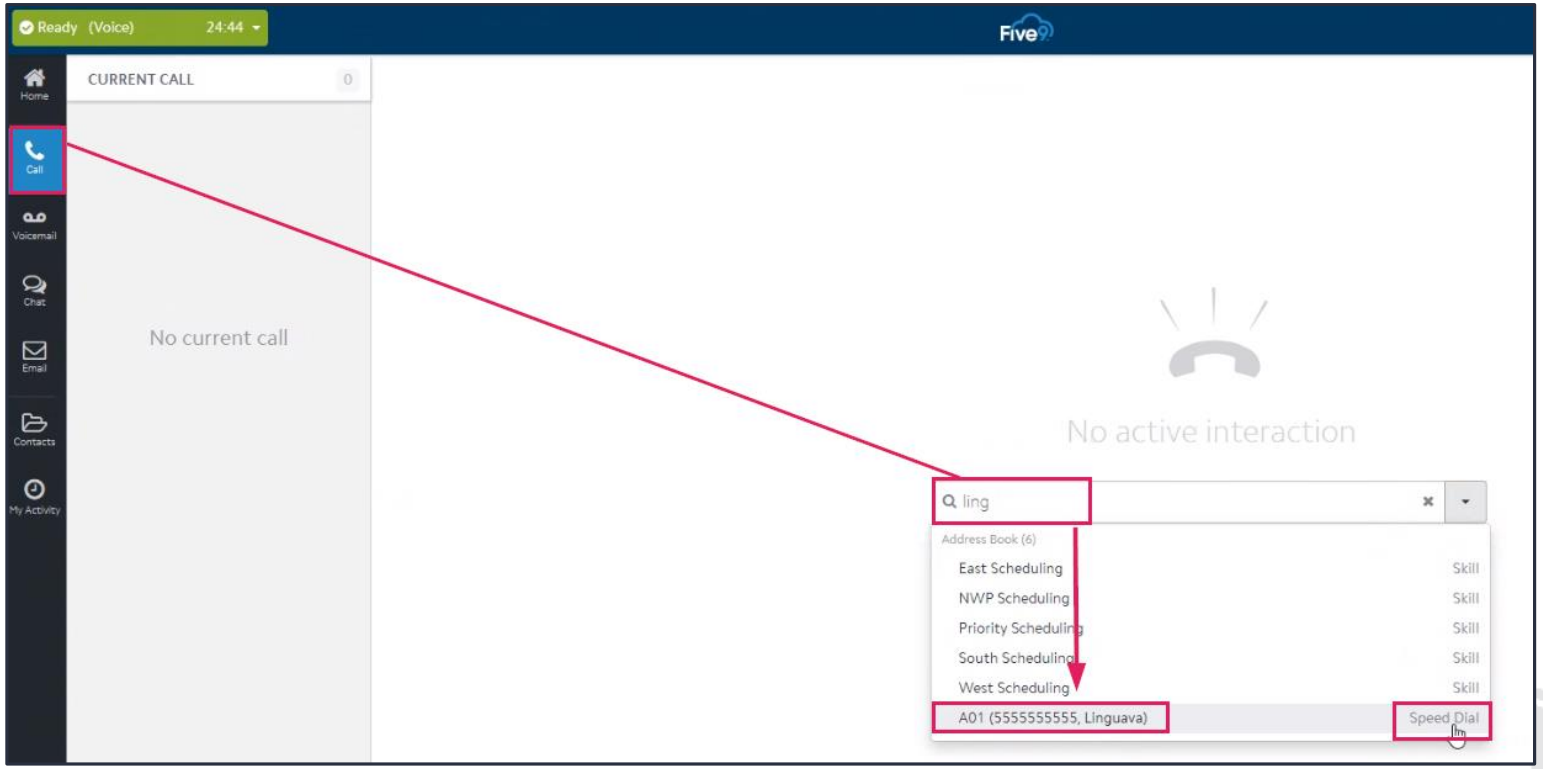

Helpful Scripting when leaving a VM:

Hello “NAME FROM RECORDING,”
This is “YOUR NAME,” from Women’s Healthcare Associates and I’m returning your call request. Please give us a call back at your earliest convenience so we can assist you.
Thank you!

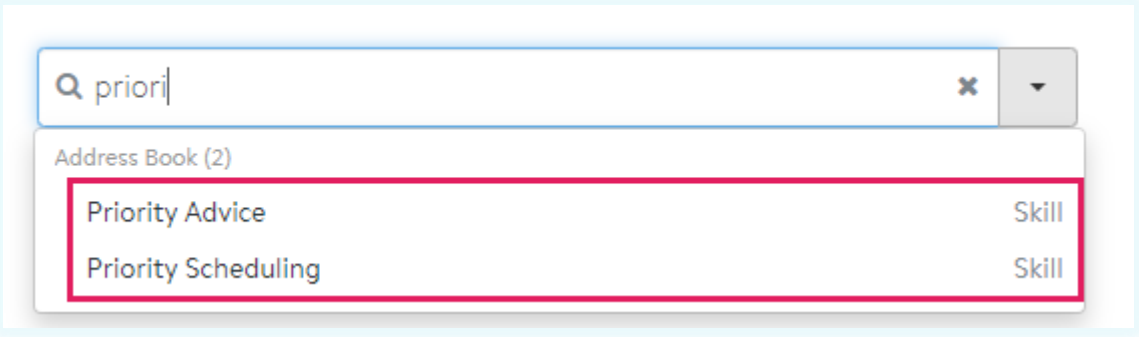

Speed Dial Contacts

- Linguava
- Associated Hospitals
- Shoretel Extensions (individuals, HGs, & WGs not in Five9)

New Priority Skills

- Urgent Warm Transfers:

- You can select yourself in and out of these Skills if your Admin team does not have you assigned to it that day

Skills vs. Campaigns

Skills = WHA Employee Use for Warm Transfers or Consultations

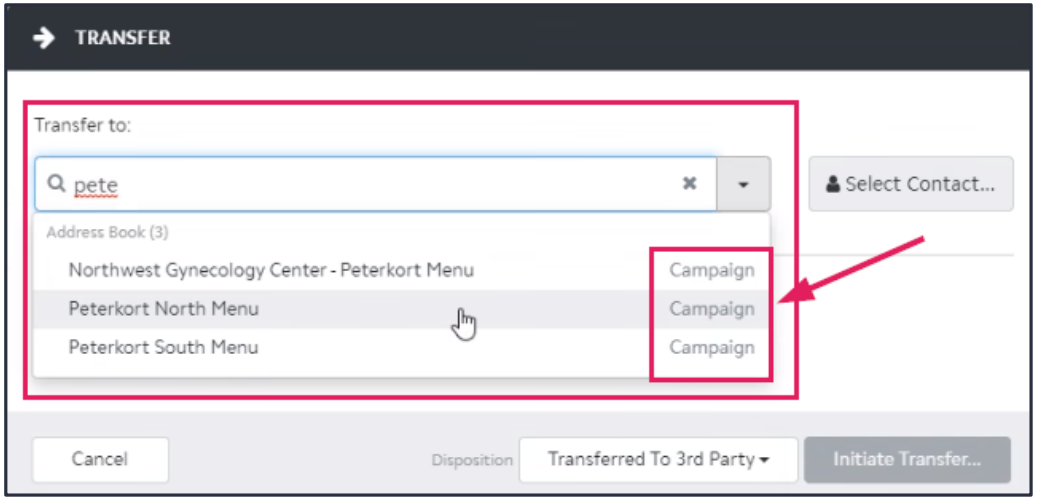

Campaigns = Transferring a patient directly to a queue (Advice, FC Statements, or Clinic Scheduling Line)

Transferring to other Queues

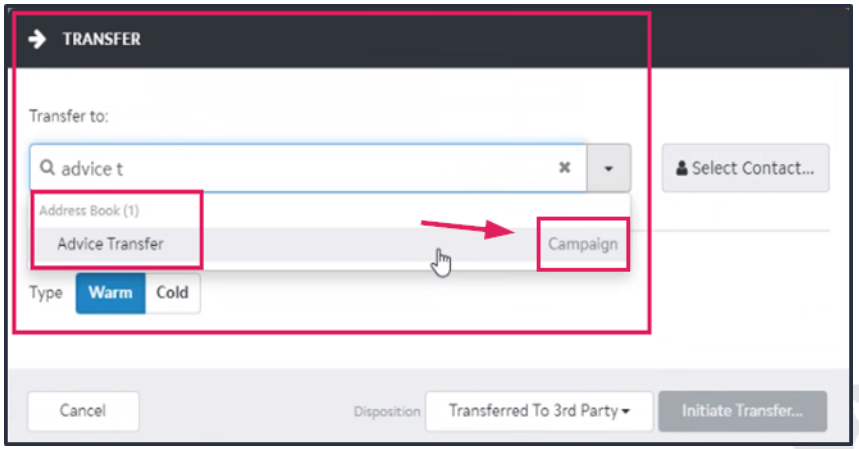

"Cold" transfers from **Advice** to **Scheduling**: <Clinic> Menu (Campaign)

"Cold" transfers from **Scheduler** to **Advice**: Advice Transfer (Campaign)

“Cold” transfers from **Scheduler** to **Scheduler** of a different clinic: <Clinic> Menu (Campaign)

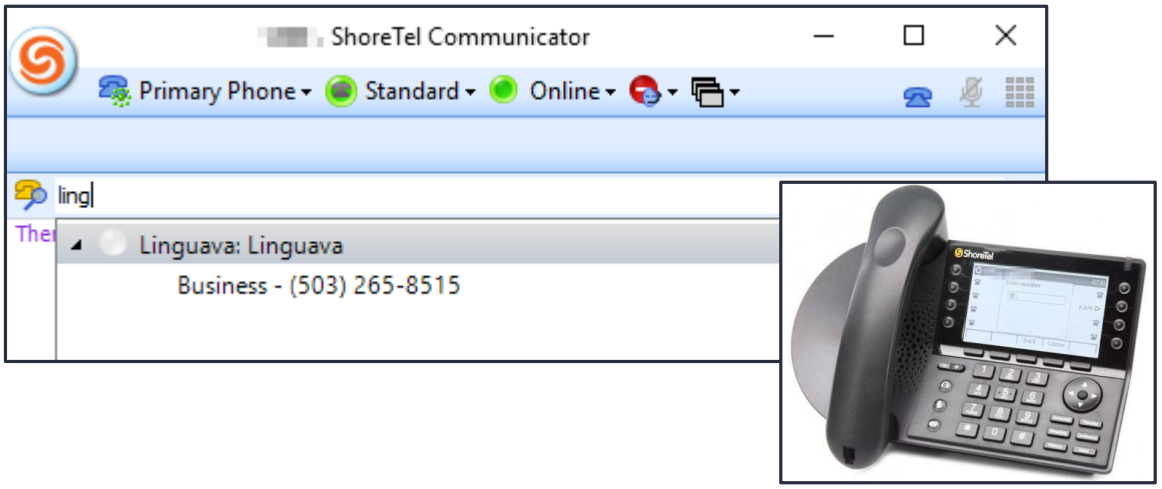

- For patients to get any prompt & the Callback feature we have to Warm transfer patients to a Campaign **NOT** a Skill

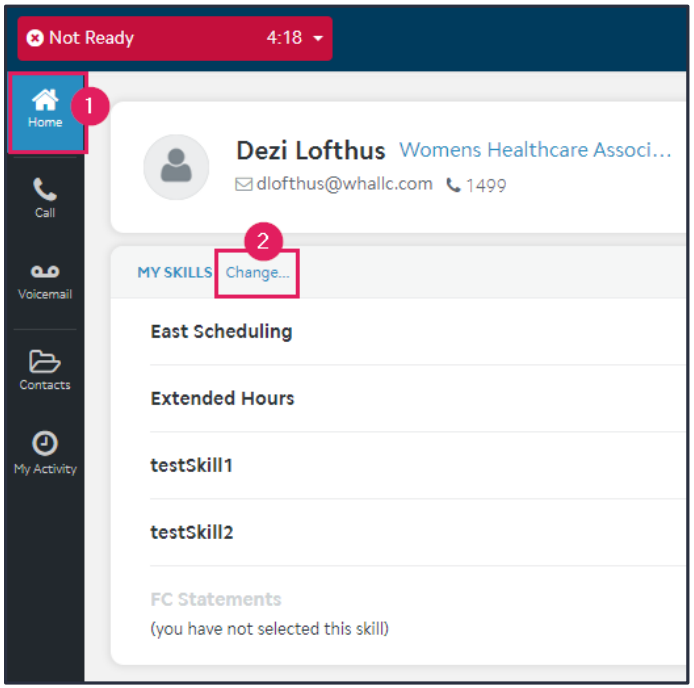

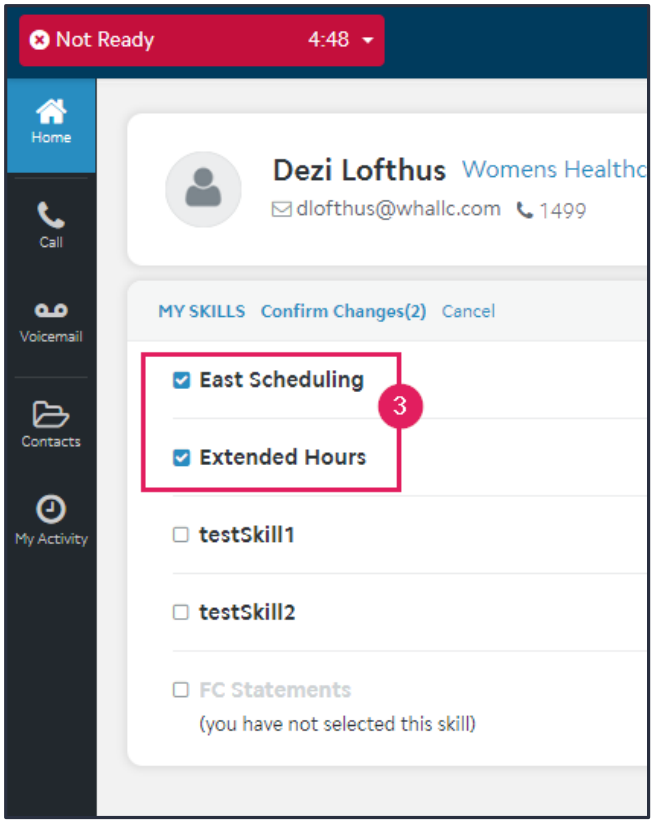

Getting Linguava on Speaker Phone with Shoretel

- When at Check-In or for patients that are in the office

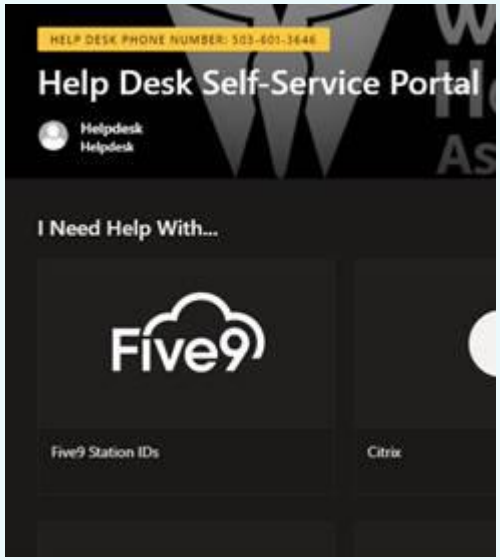

Adding / Removing

Where to find Station IDs?

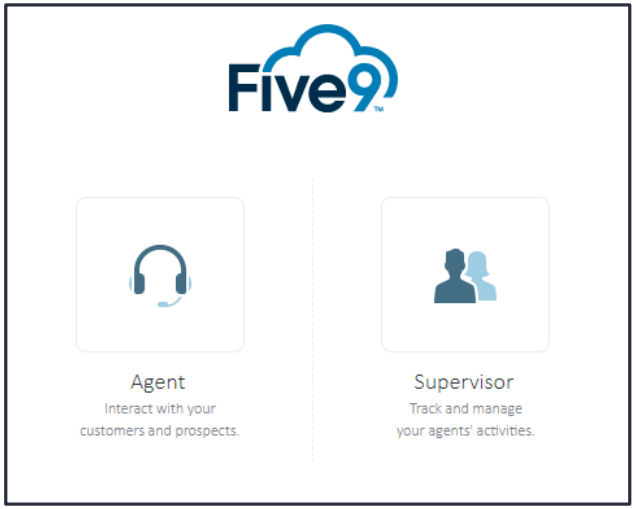

- Go to the Helpdesk Self-Service Portal (from the **IT tab on Sharepoint**), select the Five9 Station IDs button to view all station ID assignments. These are not private or specific to user login permissions, but are assigned to prevent overlap/duplication

- **Note:** all users have 2 station IDs assigned for use in the Agent vs. Supervisor modules. (Most folks will have very limited supervisor permissions, restricted to just call monitoring)

Training in Five9

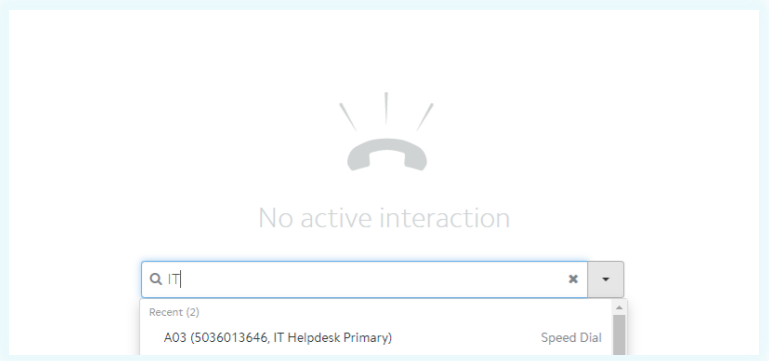

- Each person attached to a Skill will get 2 Station IDs
- 1 Agent & 1 Supervisor
- Preceptors and New Hires will utilize both Station IDs to set up Softphone in both in Agent and Supervisor modules to monitor each other on phone calls

Support on Go-Live day

- If it **is** impacting patient care: **Call** the Helpdesk

- If it is **not** impacting patient care: **E-mail** the Helpdesk

GO-LIVE THURSDAY NOV. 18TH
